STATUS CREDITS

EARNING

Elevate Rewards tiers are determined by the number of status credits earned over a three-month period. Status credits are earned when using a membership card to purchase drinks, food at The Oat Mill Brasserie, raffle tickets and when playing a gaming machine. You are also able to buy into a tier. Please see a duty manager for further information. Status credits are only used to calculate tiers and have no value.

CHECKING

You can check how many status credits you have earned by asking a duty manager.

MOVING UP A TIER

Up moves occur on the first business day of each month. We calculate your tier by looking at how many status credits you have earned in the last three months.

MOVING DOWN A TIER

Moving down occurs quarterly on the first business day in February, May, August and November.

OPTING OUT

If you choose not to be a part of the loyalty program, please see a duty manager.
